Teaching Experience	<p>Department of Mathematics and Computer Science, Eindhoven University of Technology Course: Programming (BSc) - 2IP90 2020 - 2021 Q1 <i>Teaching Assistant</i> <i>Duties:</i> Preparation and conduction of on-campus instructions for the Java Programming course for first year students. I worked with two different groups of students (one with 23 students and another with 13 students). The content of the instructions was a small review of the lecture content and working on collaboration exercises with the students, also helping them on the exercises. <i>Expertise gained:</i> Ability to teach on-campus setting, while keeping the 1.5m distance rule. Additionally, I tried to apply learning theories: such as preparing Learning Outcomes and following the Principles of Instruction, even for every single instruction.</p> <p>Department of Mathematics and Computer Science, Eindhoven University of Technology Course: Software/Web Engineering Projects course (BSc) - 2IPEO 2019 - 2020 Q4 <i>Teaching Assistant</i> <i>Duties:</i> Supervision of a software project group, review and grading of the software documents produced by the students. All supervision was on the online setting. <i>Expertise gained:</i> Ability to teach and supervise students' projects about software development process on the online setting.</p> <p>Department of Mathematics and Computer Science, Eindhoven University of Technology Course: Software Evolution (MSc) - 2IMP25 2019 - 2020 Q4 <i>Guest Lecture</i> <i>Duties:</i> guest lecture about understanding confusion in code reviews.</p>
	<p>IBM – Recife, Brazil <i>Java Developer</i> July 2009 – September 2011 <i>Duties:</i> Development of WEB systems for the control of the websites of IBM customers. Technologies used: Java, Struts, Servlets, Java Server Pages (JSP), Java Server Faces (JSF).</p> <p>E.life Company – Recife, Brazil <i>Java Developer</i> August 2008 – July 2009 <i>Duties:</i> Development of client-server systems based on WEB with data base. Technologies used: JAVA, CXF, and MySQL.</p>
